The following is an examiner's statement of reasons for allowance: In addition to the remarks of record, the Office reiterates Cesarczyk et al. (USP 6,150,178) fails to teach or anticipate the additional claimed fluid chamber that is adjacent to the housing. The addition of the fluid chamber obviates potential obvious type of double patenting issues because the addition of this element would not have been obvious. The 7/16/04 1.132 Declaration further distinguishes over Cesarczyk et al. (USP 6,150,178) by disqualifying this reference as prior art under 35 USC 102(e).

The reasons for the allowance of claims 22-25 and 30 have been articulated in the 4/14/04 final rejection. Additionally, these claims are not subject to any obviousness type double patenting issues over Cesarczyk et al. (USP 6,150,178) for the same reasons the claims define over Cesarczyk et al. (USP 6,150,178) under 35 USC 102(e).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lyle A Alexander whose telephone number is 571-272-1254. The examiner can normally be reached on Monday, Wednesday and Friday.
